Building Blocks of a Successful Moodle Site

April 16, 2019 at 2:30 PM GMT

Our Presenters

Claire Machia
Director, Support Services

Todd Mathews
Director, Implementation Services

Overview

eThink

moodle Partner
CERTIFIED SERVICES PROVIDER

Topics to be Covered

- Site Creation and Setup
 - Authentication and User Creation
 - Enrollment and Course Creation
 - Theme Design
 - Plugin Selection
- Continued Site Management and Support
 - Course Content Creation
 - Initial Training
 - Ongoing Support and Maintenance

The Building Blocks

User Management

User Creation and Authentication

- Who's the Keymaster?
- Just in Case
 - Precreation of all user accounts, and automatic provisioning for new user
 - Options: [LDAP](#), [Bulk Upload Users](#), [Manual Creation](#)
- Just in Time
 - Allow integrations to build a user automatically upon first login
 - Allows for dynamic updates to user profile details
 - Options: [Self Based Registration](#), SSO options
 - SSO Options: [CAS](#), [ExtDB](#), [OAuth](#)
- As a note that most SSO's does not allow for a nightly sync, please consider this when looking at JIT vs JIC creation
 - Sites can utilize an ExtDB or LDAP back end to help with a precreation, while still allowing for SSO capabilities

Course Management

Course Creation

- End User Control Options
 - [Course Request Tool](#)
- Manual Admin Options
 - [I:I creation](#)
- Automated Admin Options
 - [External DB Creation](#)
 - Can pull directly from an SIS/HRIS
- Payment Portals/eCommerce Solutions
 - 'One stop shop' – user creation, course creation, and enrollment
- Course Content
 - [Import/Restore](#)

Course Management

Enrollment Processes

- Who is the Gatekeeper?
 - Do you want to fully control the access to courses?
- [Self Enrollment](#)
 - [Key Based enrollments](#)
- Automatic Enrollment
 - [AutoEnroll Plugin](#)
- [Manual/Flat file](#) enrollments
- Direct Payment Enrollments
 - [Stripe](#)
 - [PayPal](#)
- Fully Managed eCommerce Solutions
 - [Course Merchant](#)

Theme Design

Theme Selection and Customizations

- [Boost](#)
 - Streamlined functionality
 - Fully Responsive
 - Customizations and Preset Designs
- 3rd Party Themes
 - [Lambda](#)
 - [Fordson](#)
- Mobile app
 - [Branded Mobile App](#)
- Join our colleague Daniel's presentation tomorrow at 11:20am! - *"Using CSS Flexbox to Customize Your Site"*

Plugin Usage

Plugin Selection and Usage

- Course Tools
 - [Quickmail](#)
 - [Facetoface](#)
 - [Scheduler](#)
 - Course Formats
 - [Collapsed Topics/Buttons/Grid](#)
- Site Tools
 - Enrollment/Course Creation tools
 - Theme Tools

Plugin Usage

Plugin Selection and Usage

- New Trends
 - [H5P](#)
 - Video Conferencing
 - [BigBlueButton](#)
 - [Zoom](#)
- Gamification
 - [Level Up!](#)
 - [Ranking Block](#)
 - [Badge Ladder](#)

zoom

Content Creation

Content Creation

- What are your goals?
- What content and learning activities do you plan to deliver?
- What types of activities and resources are the best fit?

Initial Training

Initial Training

- Blank slate or extending prior knowledge?
- Basic functionality and course design
- Explore new features and/or additional tools

Ongoing Support

Ongoing Support

- Answer questions
- Resolve issues
- Provide consulting
- Keep current

Maintenance

Maintenance

- Upgrade twice a year
- Coordinate on testing
- Give makeovers
- Plan other changes to site
- Provide training materials
