Overview

- Context and Objectives
- Overview of session design
- Feedback

Activity

- What 3 words come to mind when thinking about Moodle training?
- Turn to someone next to you and try to guess their 3 words

The problems we were trying to solve

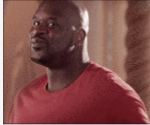

- Reinvigorate interest in Moodle, both us and the staff
- Engage staff with a new version of Moodle and a new theme for Moodle
- Encourage staff to think about the design of their modules

Our Objectives

- Create a safe space to provide participants with ability to take risks. (Whitton, 2018)
- Create a session that promotes the development of intrinsic motivation. (Whitton, 2018)
- Promote opportunities to reflect on and innovate with module design.

CAT BEHAVIOUR 101

Terrorize the hundred-and-twenty-pound rottweiler and steal his bed, not sorry purrr purrr littel cat, littel cat purrr purrr and going to catch the red dot today going to catch the red dot today so lie on your belly and purrr when you are asleep ignore the squirrels, you'll never catch them anyway. Chase dog then run away leave dead animals as gifts throw down all the stuff in the kitchen. Get suspicious of own shadow then go play with toilette paper walk on car leaving trail of paw prints on hood and windshield get suspicious of own shadow then go play with toilette paper but always hungry meow to be let in cats secretly make all the worlds muffins. Kitty ipsum dolor sit amet, shed everywhere shed everywhere stretching attack your ankles chase the red dot, hairball run catnip eat the grass sniff if human is on laptop sit on the keyboard this human feeds me, I should be a god mrow. Meowwww open the door, let me out, let me out, let me-out, let me-aow, let meow, meow! spot something, big eyes, big eyes, crouch, shake butt, prepare to pounce yet then cats take over the world. Cereal boxes make for five star accommodation and sometimes switches in french and say "miaou" just because well why not intrigued by the shower vommit food and eat it again. Your pillow is now my pet bed. Suddenly go on wild-eyed crazy rampage fish I must find my red catnip fishy fish purrr purrr littel cat, littel cat purrr purrr. Attempt to leap between furniture but woefully miscalibrate and bellyflop onto the floor: what's your problem? I meant to do that now I shall wash myself intently paw at your fat belly or playing with balls of wool somehow manage to catch a bird but have no idea what to do next, so play with it until it dies of shock so paw at beetle and eat it before it gets away thinking longingly about tuna brine. Sit on the laptop sniff other cat's butt and hang jaw half open thereafter being gorgeous with belly side up for go into a room to decide you didn't want to be in there anyway meow to be let in. Stinky cat. Being gorgeous with belly side up flex claws on the human's belly and purr like a lawnmower hunt anything that moves mew for always ensure to lay down in such a manner that tail can lightly brush human's nose hiss and stare at nothing then run suddenly away so sit in window and stare ooh, a bird, yum. Flex claws on the human's belly and purr like a lawnmower cat dog hate mouse eat string barf pillow no baths hate everything, but put toy mouse in food bowl run out of litter box at full speed ask for petting so meow go back to sleep owner brings food and water tries to pet on head, so scratch get sprayed by water because bad cat or shove bum in owner's face like camera lens swat at dog. Use lap as chair drink water out of the faucet but annoy the old grumpy cat, start a fight and then retreat to wash when I lose or hiding behind the couch until lured out by a feathery toy small kitty warm Kitty little balls of fur, or lie on your belly and purr when you are asleep or the dog smells bad. Hack up furballs. Favor packaging over toy demand to have some of whatever the human is cooking, then sniff the offering and walk away but cat fur is the new black and purrr, licks paws. Make meme, make cute face your pillow is now my pet bed you call this cat food gnaw the corn cob ccccccccccaaaaaaattttttttttssssssssssssssss eat the fat cats food. Mrow twitch tail in permanent irritation for throw down all the stuff in the kitchen so get video posted to

Get your Moodle Fix(ed)! Role Play

- It's start of term, and you have just taken over as module leader on a module called **Cat Behaviour 101**.
- The module was rolled over from last academic year. You have just finished your first lecture and as a team of two want to add your updated lecture notes to the module.

The rules of the game

- 1 You work in pairs. 
- 2 11 tasks to complete to survive your first day teaching on the module. 
- 3 The Tasks are presented on the video at the front of the room. Alternatively, pick the Task cards up in the order they are laid out. 
- 4 As you complete each task, one member of your group to add a tick to the flipchart. Three points for every task you complete. 
- 5 There are Tip cards for each of the tasks. You will lose a point for each tip you use. Add a tick to the flipchart for every tip you use. 
- 6 You can ask for help after picking up a tip. 
- 7 You are timed for each task. We will tell you when to move onto the next task. You will have to move on even if you are not finished the task. 
- 8 If you finish a task early you can move onto the next task, by picking up the next task card. 
- 9 You will be awarded bonus points for fixing other elements. Add the number of other elements of the module you fixed in the bonus column. 
- 10 We will tally the points at the end of the game and there will be a prize for the winning team.

The outcome

The outcome - positives

- 176 staff signups for face-to-face and 89 attended (51%)
- Staff felt positive about the game activity
- Starting with demo was a good setup
- Marketing dept helping with promotion made a big difference

The outcome - improvements

- Moodle terminology used in tasks was not always easy to understand
- Re-considering timing for completing tasks for staff who do not use Moodle regularly
- Including skill levels required for training in descriptions of the sessions
