Activities: Interactive Content - H5P
mod_hvp

Maintained by Frode Pettersen, Thomas Marstrander, Pål Jørgensen, Svein-Tore Griff With

Create and add rich content inside your LMS for free. Some examples of what you get with H5P are Interactive Video, Quizzes, Collage and Timeline.

9 9723 sites 13k downloads 271 fans

Description Versions Stats Translations

One of the great benefits with using H5P is that it gives you access to lots of different [interactive content types](#).

Another great benefit with H5P is that it allows you to easily share and reuse content. To reuse content, you just download the H5P you would like to edit and make your changes - e.g. translate to a new language or adjust it to a new situation.

H5P is:

- Open Source
- Free to Use
- HTML5
- Responsive

T

The diagram shows a cross-section of the human heart. Various parts are labeled with text boxes and lines pointing to them. Some labels are already placed, while others are in dashed boxes indicating they are draggable. The labels include: Pulmonary artery, Pulmonary vein, Left ventricle, Cardiac muscle, Superior vena cava, Inferior vena cava, Left atrium, Aorta, Right ventricle, and Right atrium. A toolbar with icons for zooming, editing, and deleting is also visible.

Start by placing your drop zones.
Next, place your droppable elements and check off the appropriate drop zones.
Last, edit your drop zone again and check off the correct answers.
