Description

One of the great benefits with using H5P is that it gives you access to lots of different interactive content types.

Another great benefit with H5P is that it allows you to easily share and reuse content. To reuse content, you just download the H5P you would like to edit and make your changes - e.g. translate to a new language or adjust it to a new situation.

H5P is:
- Open Source
- Free to Use
- HTML5
- Responsive

Time spent: 0:00
Card turns: 0
Works natively in app
