Open Educational Resources - What, Why, and How?
Dr. Jens Lechtenbörger, 22.10.2019, 12:10

E-Lectures pose many opportunities

- Enable part-time studies
- Compensate sickness
- Enable new teaching techniques
- OER content

But:

- Best included into **LMS**

General

This course should demonstrate the current drag&drop possibilities and highlight possible future integrations!

[Edit](#)

Possible Future

- Seamless integration into Moodle
- Combine Upload and Embedding
- Make videos in Moodle a first world citizen!

Collaboration within the Community

- Conceptualization and development is done together.
- Everyone provides the resources they can (Development, Concept, Funding)
- Google Groups for communication
 - <https://groups.google.com/a/opencast.org/forum/#!forum/moodle-opencast>
 - So far German speaking but open for English!

Feel free to make contact!
