

Internship Journal Management

Experiential Learning with the Database Module

Don Hinkelman, Moodle Association of Japan

Ponlawat Weerapanpisit, Chiang Mai University

Background of Teacher-Developers

- **Don Hinkelman**

- University of Melbourne, PhD Blended Language Learning
- Sapporo Gakuin University, Professor, English Communication
- Moodle Association of Japan, Plugin Developer
(Sharing Cart and ten other custom plugins)
- Moodle Association of Japan, Course Sharing Director
(Open content, course sharing showcase, 50+ courses)

- **Ponlawat Weerapanpisit**

- Chiang Mai University, BS Computer Engineering
- Sapporo Gakuin University, Moodle programming intern, Exch student
- Universitat Jaume I, Master of Science in Geospatial Technologies

Educational Problems

- University students study management via abstract lectures
 - need real-world experience within a company
- University students do not know what career they want
 - need real-world experience in a possible career
- University students learn academic English (EFL)
 - need real-world experience with practical English communication
- University administration/accreditors suspicious of internships
 - need evidence of learning

Educational Aims

- Teach specialized job-related English (pre-internship)
- Use specialized English in job setting
- Learn management inside a company (case study)
 - Hospitality operations management
 - Financial and general management
 - Human resources management
 - Accounting management
 - Marketing/sales/consumer behavior management
- Report on company case study and internship learning
 - Presentation & report (post-internship)

Performance-based Assessment

Performance-based Assessment

Blended learning ecology dimensions

Actions: reflecting, journaling, summarizing

Timings: daily asynchronous input, daily/weekly notify

Groupings: individual-to-teacher/supervisor

Spaces: distributed, off-campus

Texts: job manuals, voice/body texts, dictated

Tools: mobile device, database module

Blended learning design

- Face-to-face learning (experiential learning)
 - on-job work experience
 - formal job training sessions
 - problem-solving for customers
 - preparation classes (English for specific purposes)
 - presentation to peers and company
- Online learning (reflective learning)
 - journal writing, logging activities
 - supervisor approval and comment

Assignment Module –
Report File Submission

Database Module –
Internship Journal

Standard Plugin or Custom Plugin?

- **Journal Module?** Compact format, very easy to use, but deprecated.
- **Forum Module?** Easy to use, easy for replies, but no structured data collection
- **Dataform Module?** Non-standard module. More powerful to program modifications.
- **Database Module?** Standard module. Ugly, confusing interface. But can handle structured data collection. Need special data fields added. CSS can help.
- **Custom Module?** Faster to program a module from scratch, but maintenance can be significant (i.e. updates for mobile phone app)

Type of Day: Weekend

Journal Date: 29 September 2019

Activity Timetable:

Time	Activity	Activity Type	Payment Type
10:00 ~ 12:00	Study English	My Study	Unpaid
13:00 ~ 14:00	Reading book	My Study	Unpaid
15:30 ~ 16:00	Listening to music live	Break	Unpaid
17:45 ~ 19:45	Go to karaoke	Break	Unpaid

Diary: I am going to study English one hour a day.

(67 words)

And, I must study about Fair Trade because Fair Trade is main theme in our seminar.

I listened to music live in Odori park.

My friend sang seven songs in this live.

His voice is very beautiful.

After that, I went to karaoke with that friend.

We sang many songs for two hours.

It was very exciting!
