Moodle 2.0: So what?
Filter questions by tag

- In the course and question context
Add question from question bank
Random question by tag

- Allows questions to be added by tag from the course context and the question context
- Preview filtered questions
Random question from any category
A question :-) 

Question 1:  
Question 2:  

Which one can be a potential question in course 1, if we have a random question by “Learning” tag there?
